Policemen To Replace Your Flares

Private citizens who use their own highway flares at the scene of an accident may have those flares replaced by the Torrance Police Department.

City Councilmen, at the request of Police Chief Walter R. Koenig Tuesday adopted an ordinance which permits police officers to replace flares used by private motorists at an accident scene.

The ordinance is intended to encourage citizens to use their own flares in order to avoid "compounding an existing accident," City Attorney Stanley Remelmeier told the council.

Councilmen noted similar proposals have been before the State Legislature, but failed to win passage.
